

Festival

at River View Room

Fun and fresh!

Perth Convention Exhibition Centre's River View Rooms will be a fabulous setting for your Christmas function.

The doors to the room will be flanked by two Christmas trees dressed in fresh bright coloured baubles.

As guests enter the room the plethora of colours will amaze and surprise. This modern twist on a traditional look will utilise lime green, orange, lemon, fuchsia, purple and gold to create a colourful and fun environment for your event.

Crisp white table cloths, napkins and chair covers will be complemented with vibrant and colourful chair bands. Eye-catching cylinder glass vases filled with sparkling coloured baubles will finish the table setting.

Either side of the stage will feature beautiful glass trees filled with thousands of fairy lights and matching bright coloured decorations. To finish the theme, colourful oversized decorations will hang from the ceiling.

Your guests won't be able to help themselves, this theme is fun!

package available from 3 december 2010.
