GREEN GLOBE STATUS FOR PERTH CONVENTION EXHIBITION CENTRE

Perth, Western Australia - Perth Convention Exhibition Centre (PCEC) has achieved the prestigious Green Globe Benchmarked Bronze status under the Green Globe Earthcheck Benchmarking program.

The global program recognises PCEC's commitment to operating at the world's highest environmental standard.

The Green Globe program follows a strict review on a yearly basis which organisations are measured prior to receiving accreditation. The accreditation looks at a range of areas including sustainable policies, energy and water consumption, recycling and product usage.

Outcomes from the audit were highly commended by Green Globe with the Centre surpassing baseline benchmarking standards in ten of the assessment indicators and above best practice standards in seven key areas.

PCEC General Manager, Dean Lee said the positive results reflected the Centre's ongoing commitment to its environmental policy.

"PCEC is very proud to receive this Green Globe endorsement. The achievement is recognition of our efforts to deliver continuous environmental improvements and to secure a sustainable future."

ABOUT GREEN GLOBE

The Green Globe program as managed by EC3 Global is a worldwide benchmarking, certification and performance improvement system assisting the travel and tourism industry to attain sustainability. Green Globe with Earthcheck science inside provides a certification system that responds directly to the major environmental problems facing the planet, including climate change, waste reduction and non-renewable resource management. The Green Globe brand is used under licence from Green Globe Limited and Green Globe International Inc.
