PERTH CONVENTION EXHIBITION CENTRE (PCEC)

ENVIRONMENTAL POLICY

PCEC recognises that its activities may impact on the environment and as a responsible corporate citizen we acknowledge that we have a responsibility to protect the environment. We are committed to considering and managing environmental impacts across our operations with due regard to the principles of ecological sustainability, prevention of pollution and continual improvement in environmental performance. We will, as a minimum, comply with the provisions of relevant environmental legislation and regulations.

PCEC's Management is committed to:

- Developing and implementing environmental management systems that plan, document, monitor and improve environmental performance.
- Efficiently managing our consumption of natural resources, including minimising, reusing and recycling wastes to the extent practicable.
- Assisting PCEC employees and contractors to understand their environmental responsibilities and continually improve environmental management practices.
- Working with clients, contractors, suppliers, government and local communities to achieve positive environmental outcomes.
- Establishing measurable environmental objectives and targets aimed at reducing PCEC's impact on the environment
- Monitoring, reviewing and reporting on environmental performance including the achievement of environmental objectives and targets as established.

This policy is an integral part of PCEC's risk management plan and will be regularly reviewed. The policy will be communicated to all staff, contractors and suppliers.

Dean M Lee
General Manager
